

WGS Equipment & Controls, Inc.

3060 Plaza Drive, Suite 110 | Garnet Valley, PA 19060 | T: (610) 459-8800 | F: (610) 459-8848 | www.wgsequipment.com

GENIE® line of Membrane Probes and Membrane Separators Analytically Correct™ Sample Extraction & Conditioning Components & Systems; Moisture / Corrosion Control Products.

CPA 50E, 55E, 65E High Performance Plate Flow Conditioners, Engineering Consulting, and Nozzles

FCI is a world leading manufacturer of thermal dispersion Mass Flow Meters, Flow and Level Switches, and Flow Conditioners for Process Measurement and Automation

Precision Calibration Gas Mixtures

Intrinsic Safety Isolators, Zener Barriers, Signal Conditioners, Fieldbus technology, Remote I/O, HART interfaces

Taylor Valve Technology

Conventional / Back Pressure and Pilot Safety Relief Valves; Choke Valves Precision Electronic Gauges; Taylor Gauge Plug® & Probe® Fittings; Liquid Level Indicator

Online analysis equipment serving the oil, natural gas, chemical, and pharmaceutical industries. Efficient and economical solutions to the most challenging industrial applications using UV-Vis and NIR spectroscopy.

Gas Ultrasonic Meters, Liquid Ultrasonic Meters, and Liquid Turbine Meters for Custody Transfer & Check Metering. Liquid Control Valves Orifice Fittings and Tubes

Rotary Gas Meters, Available with Automatic Bypass Low Pressure and High Pressure

General Monitors

Safety Monitoring Systems, Smart H2S Sensors, Combustible LEL Gas Sensors, Flame Detectors

Danalyzer Gas Chromatographs BTU measurement, C6+ or C7+ hydrocarbon energy calculation applications; Complex C9+; C6+ with hydrogen sulfide (H2S)

High Performance Pilot-type Pneumatic Pressure Controllers for use with Natural Gas Control Valves

World's Leading Manufacturers of Process Instrumentation and Piping Products: Needle Valves, Ball Valves, Manifolds, Double Block & Bleed (DBB) Valves, Monoflanges, Prefabricated Assemblies: Hook-ups and Instrumentation Accessories.

Volume Correctors, Orifice Flow Computers, Remote Terminal Units, Pressure Recorders/Monitors/Trackers, Volume (Pulse) Accumulators, Cathodic Protection

Orifice Plates, Orifice Flanges, Orifice Meter Tubes, Flow Nozzles, Venturis, HHR FlowPak Tubes

Mustang Sampling®

Packaged Sample Conditioning Systems (SCS), Portable Sampling Systems to LNG, Vaporizers

Optically Based Gas Analyzers: O2 Oxygen, H2S Hydrogen Sulfide, CO2 Carbon Dioxide, Moisture Analyzers

Hydrocarbon Dewpoint Water Dewpoint Analyzers CEIRS™ infrared technology
